U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on MARCH 6, 1977
 - Export Shipments in
Current Marketing Year
 - Daily Sales Reported
MARCH 7 - 13, 1977
- As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of March 17, 1977 (based on reports from exporters for the week ending March 6, unless otherwise noted):

Wheat: Sales slowed with the European Community out of the market. Brazil was back in the market after nearly a five-month absence. Other major buyers included Japan, the Philippines and Indonesia. Total USSR purchases for the current marketing year (MY) increased by 15,900 metric tons (MT), as the result of a switch from 1977/78 MY, along with other contract adjustments. Overall, sales for the 1977/78 MY were reduced by 70,300 MT. Exports continued slow.

Corn: Sales activity receded after the preceding week's surge. Japan, East Germany and Mexico made significant purchases, while several European countries added smaller quantities to their existing purchases. A substantial number of changes from unknown to specific destinations were also reported. USSR purchases decreased by 50,000 MT as a result of destination changes, and other contract adjustments. Poland added 61,000 MT to their purchases for the next MY. Under the daily reporting system, sales of 150,000 MT for the current MY were changed from the Soviet Union to unknown destinations.

Grain Sorghum: Sales activity continued fairly heavy with Spain, Portugal and Japan all adding to earlier purchases. In addition, 50,600 MT of optional origin sales to Venezuela were declared U.S. Mexico's purchases of 47,000 MT was their first for the MY. Exports picked up, totaling the third heaviest this MY.

Rice: Sales slowed with no single market making significant purchases. Sales to the USSR rose as 17,100 MT of medium or short grain rice was shifted out of unknown destinations and shipped. Exports continued moderately heavy.

Soybeans: Sales activity continued modest for the second consecutive week with the EC and Japan major buyers. Sales to Korea were reduced by 13,000 MT. Exports at 348,000 MT were primarily to the EC and Japan, with Norway also being a significant recipient. Exports of 20,100 MT were reported to Egypt.

Soybean Cake and Meal: Sales continued slow with Eastern Europe and the Netherlands the major customers. The pace of exports continued to accelerate with Japan, Eastern Europe and the EC all important.

Soybean Oil: Sales activity picked up with the sale to Mexico of 5,000 MT and the declaration of the U.S. as the origin on an optional origin sale of 9,500 MT to India, representing nearly 80 percent of the new business. Exports were dominated by a 14,500 MT shipment to India (commercial). India has yet to purchase vegetable oil (up to 50,000 MT) under the PL-480, Title I Program.

Cotton: Sales continued moderate as Taiwan and Japan added to their MY 1976/77 purchases and Hong Kong added principally to MY 1977/78. Exports were large with Japan, Korea, Hong Kong and Taiwan again the major destinations.

Barley and Oats: Showed no significant activity.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS
For Week Ending March 6, 1977

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
